## COMMUNITY POOL CLOSURES

ROCKPORT, TX –The Community Pool will be closed November 22 – November 30 for maintenance and also on December 4 as staff will be assisting with the annual Tropical Christmas event.

According to Park Director Rick Martinez, the annual maintenance of the pool heater requires that the pumps be turned off for extended periods of time. There are several mechanical issues that have been delayed due to slow delivery of supplies and staff hopes to make the additional repairs during this closed period. While heater and pump work is being done, staff will also make some much needed fixes that would have required limited or no access to the pool restrooms. Professional contractors have been retained to assist with these projects.

“We realize that these closures are an inconvenience to our patrons,” says Martinez, “but these are steps that have to be taken, to continue to operate a quality pool. “
